OUR STORY

Little Daisy's begin in Faye's heart back in 2005 when she was just 19 years old.

She dreamt of a place where children and their carers could come together, make memories, and feel welcome and cared for.

In 2010, having married Adam 2 years earlier, together they started to explore what it might mean to turn the dream into a reality.

After 2 years of research and some miraculous connections they had everything they needed, and work started to convert what was a church hall into an indoor soft play centre & café.

On the 22nd October 2012 Little Daisy's opened its doors for the very first time.

This is a very short version of our story! Check out the longer version on the wall opposite the baby change area.
